WE PLAN THE TORCH

WE PLAN . . .

WE THINK . . .

AND WE PLAN . . .

Dave Thomas, Jack Guthrie work on THE TORCH . . .

We start with the Kindergarten . . . Stanley Elser

Cindy Rimmel

This is OUR SCHOOL. It furnishes us friendships; it provides us activities; it controls our lives, thoughts, and deeds the year round. Its sports thrill us showing the "Spirit of '63" at a high level.

In our Democracy here at school, we are proud to find our places in classes, clubs, dances, fun, and in the world of high school sports. All these things make our school a living, teeming place full of pleasant memories where the "Spirit of '63" predominates.

OUR STORY

This Torch portrays the record of the year's activities emblazoned by the "Flare of the Spirit of '63."

In study halls like this ever since 1884 when the first class was graduated, customs, sentiments, and traditions have been forming that have made our school an organization dedicated to a great vision that the attainments of tomorrow are but the accomplishments of today that were only aircastles of yesterday.

THIS IS PART OF OUR SCHOOL LIFE

Steve Lemish
It's a long, long road, Steve.

Now ends the story of the year of 1962-63. We have recorded the various activities of our school that the "Flare of the Spirit of '63 has Illuminated." These may be commonplace things now, but in the future as we scan these pages, each picture and each activity will bring back fond memories of treasured friendships and associations. Our task completed, we close the book and go our various ways with a fond farewell to Albion Jefferson and all its connotations.
